

The Shoppe Family Hair Care And More

Our first stop on the Community Partner Road Trip was just a hop, skip, and a jump away from the Bank. The Shoppe, Family Hair Care and More, is located at 305 7th St. in Perry. After our “long” trip, owner Valerie Norman showed us around her shop. Immediately after you walk in, you feel at home as they have rocking chairs to sit in while you wait, uplifting music in the background, and a friendly smile and “hello” from the stylists.

Valerie has lived in Perry most all her life and is a Perry High School Alumni. She worked as a stylist in Stillwater for over 18 years before opening her own business. The Shoppe celebrated their fifth anniversary this past October. There are currently three additional stylists that work with Valerie; Magen Webb, Carla Wells, and Ashley Sadler. Between the four of them, they have over 50 years combined experience.

While at this stop on our trip, we learned that this hair haven offers many services, such as cuts, colors, perms, up-dos for special occasions, manicures, pedicures, acrylic nails, and waxing. And more uniquely, they have ear piercing and color extensions. Valerie told us that their maroon color extensions are very popular during local sporting events – so if you want to show your team spirit, these girls can help!

We did a little Shoppe-ing while we were there, browsing their selection of purses, scarves, jewelry, hair bows, and more. Some of their products’ proceeds go to the American Cancer Society’s Relay For Life. If you know Valerie, you know that she has a passion for our local Relay for Life mission. They have Paul Mitchell products in stock for sale, and can order most any product brand you may need. Valerie is a BeautiControl consultant, as well. Need something monogrammed? They can get you in touch with Micah Cash and her Four Monkees Embroidery Boutique for custom children’s clothing and embroidery services, and some of her items are on display at the Shoppe.

We had a blast on the first stop of our trip. Visiting with Valerie and the girls was a great opportunity to learn more about this community partner. We’re excited to learn more about other business partners and look forward to meeting with them. Stay tuned for details about our next stop. Until then, we’re cruising on!!
